Safety Instructions

1. Don't touch the tumbler heater as the machine is heating or still hot.
2. This machine is not intended for use by children.

NOTES:

1. Do not heat the machine without a tumbler inside in case of burnout.
2. Do not touch the heater directly without any protection.
3. If the machine works for more than 1.5 hours, it is better to turn it off for a 20-minute break.
4. When the printing is just finished and the heater is still hot. You can put in a tumbler to absorb the heat, which can extend the lifespan of heater.
